

# Workouts begin for Beavers

*BEAVERTON'S VARSITY football players run through a blocking dummy drill during practice Tuesday morning. Teams all around the state opened practice last Wednesday in preparation for the first game of the year.*

*According to Michigan High School Athletic Association rules, teams must hold 3 days of conditioning prior to beginning full scale practices with pads. Teams will continue to play a 9-game regular season schedule and the Beavers will host county rival Gladwin Sept. 3, in the season opener.*
